USA HEAD OFFICE

Serving customers worldwide

GLOBAL REACH. SPECIALIST KNOWLEDGE.

MarineLink Solutions supplies spare parts for heavy-duty marine engines, industrial machinery and mining equipment. With over 20 years of industry experience, we support operators, maintenance teams and procurement professionals worldwide.

Engine components • illustrative application image

ENGINE BRANDS

Wärtsilä	Scania	MTU
MaK	Cummins	MAN
Caterpillar (CAT)	Deutz	Yanmar
Volvo Penta	Sulzer	

MARINE EQUIPMENT

Alfa Laval / DESMI / Iron Pump

Brand references identify the equipment we source parts for; they do not imply manufacturer affiliation or authorised distributor status.

THE PARTS THAT KEEP OPERATIONS MOVING.

From planned overhauls to urgent replacements, source the components your engine or equipment needs.

01 ENGINE CORE

Cylinder liners, pistons, ring sets, cylinder heads and connecting rods.

02 FUEL & AIR

Fuel injectors, injection pumps, turbochargers and related components.

03 OVERHAUL & SERVICE

Bearings, valves, gasket sets, seals, filters and overhaul kits.

04 COOLING SYSTEMS

Water pumps, thermostats, oil coolers and heat-exchanger components.

05 SEPARATION & PUMPS

Alfa Laval separator parts; DESMI and Iron Pump marine pump components.

06 INDUSTRIAL & MINING

Heavy-duty engine components for mining machinery and power-generation applications.

SOURCING. SUPPORT. DELIVERY.

Hard-to-find parts sourcing • Technical compatibility support

Genuine original and OEM-quality options • Express worldwide shipping

Availability, condition and compatibility are confirmed with your quotation.

LET'S FIND YOUR PART.

Send the part references. We'll help identify the right supply option and prepare your quotation.

FOR A PRECISE QUOTATION

- 01 Engine or equipment make, model and serial number
- 02 Part number, description and required quantity
- 03 Required condition: new, used or reconditioned
- 04 Delivery destination and required date
